

RESOURCES
FOR THE FUTURE

The Consortium for the Valuation of Applications Benefits Linked with Earth Science (VALUABLES)

Socioeconomic Valuation Working Group

The VALUABLES Socioeconomic Valuation Working Group is made up of economists, decision scientists, statisticians, and policy analysts with expertise in the application of valuation techniques to Earth observations. The Valuation Working Group comprises the core social science expertise of the consortium, and will undertake impact and outreach activities as well as help recruit new social scientists to VALUABLES activities.
